Inclusion can air directly to your MAC or other device. Conversions usually take less than 15 seconds! The conversion is made on a safe cloud server, which makes the Conversion is more very, more worse and much more fun to use. But it worked. The payment will be charged to your Apple account in the confirmation of the purchase and will be renewed automatically (in the duration/price selected) unless the automatic renewal is deactivated at least 24 hours before the end of the end of the current período. I used it at least once with how much I enjoy learning and reading and downloading. Á € I will stay "" this one. As soon as the document or whatever it ended (which sometimes takes a ridiculous amount of time) says that I can leave the application, so it should be about to start converting. Which is really annoying because I need this application hahaha, á € á "" 5 stars if I could still get it to work properly á € "" "" so that I am giving it only 3. It was late. Sometimes á € "" let click on the advertisement after á € done, but apart from this application is perfect! Á € I have tried "" convert images but it works increase for ebooks. I am not happy to have to reopen the página with this application, then do everything from there. The second observation is its lack of rotation with the orientation of your iPads, frustrating but not a groundbreaking. Which is generous because á € á "" I am very disappointed. So am happy I now have that web page stored. I had almost given up and was just about to call the sender and request he scan and send as a pdf when I found this app. Works exactly as described. I NEED this app to work again haha That should not happen, does it work correctly again? Files are immediately deleted from the server after conversion. Finally it begin to work and did so very well. 5 star. Current subscription may not be cancelled during the active subscription period; however, you can manage your subscription and/or turn off auto-renewal by visiting your Apple Account Settings after purchase. Well, the converting is accomplished by uploading your file to the conversion cloud where it will be converted and downloaded back to your phone (and removed from the conversion cloud). It just doesn'tÁÁÁt make any sense why out of the blue it just won'tÁÁÁt work on anything no matter what. OTHER THAK THAT...THIS IS A GREAT APP. And after the conversion you can use multiple ways of sharing the converted file!How can we convert almost every file on your phone? Tried another one first, but it did NOT print what I was seeing on the screen! Tried this one next. But out of the blue about 2 weeks ago it completely stopped working. I had been struggling for about four hours over a period of 2 days. While the files are immediately deleted after conversion or cancellation, you should be aware that by using this app, you agree that your files will be sent over to internet from the app to the conversion server.We've also recently added ,LMTH,LMTH For local conversions for many types of popular conversion. The ads are rare and short, and with much the least intrusive of any application you have used. Yes, I recommend it. Select your input file2. (if I am not paying for it, I am not the customer, I am the product!). The account will be charged for the renewal within 24 hours before the end of the current period. I will not do this would be free otherwise. I need to review the document before a legal procedure later today. You must have an Internet connection to use this application. All this happens very rapid and while the conversion takes place, you can continue using your phono.
